# WHAT IS CAR SHARING?

CAR SHARING IS WHERE TWO OR MORE PEOPLE SHARE A CAR JOURNEY TOGETHER. YOU DON'T EVEN NEED A CAR TO BE PART OF THE SCHEME. IF YOU NEED A LIFT YOU CAN STILL REGISTER.

## HOW DOES IT WORK?

- Loughborough University has created a private group within Leicestershire car share scheme. This allows staff and students to search for potential matches with likeminded people and car share more easily.
- Log on to [www.lboro.ac.uk/carshare](http://www.lboro.ac.uk/carshare) and follow the links. Register yourself and your journey details.
- You will then receive an activation email sent to your work/student email address, this will activate your account.
- Search the system for a potential car share match and then contact your match to make arrangements to share.

## SAFETY TIPS

- Meet up with your car share companion before giving out your home address
- Let friends or family know who you are planning to car share with when and where
- You are under no obligation to go ahead with your car share. If in any doubt about your travelling companion, don't go ahead.

## BENEFITS OF CAR SHARING

### Money

- Car sharing with one other person will reduce your fuel costs by half
- Car sharing may eliminate the need for a second or third vehicle in your family

### Peace of Mind

- The offer of a guaranteed ride home, we pay for your journey home in an emergency. \*
- Less stress on your drive to and from work

### Environment

- Car sharing just one day a week cuts congestion by 20%
- Car sharing reduces CO2 emissions and pollution

\* only available to staff who have registered for the lifshare BUDI team

*Jenny says... "Car sharing means I am not as tired and I find it less stressful than driving all the time. It also means I get to meet new people"*
